EMINENT DOMAIN

2 players. 10 minutes. The entire cosmos.

Setup

- Shuffle the 18 Domain cards and deal 3 face up to the center of the table to create the supply.
- Mix the Planet cards face down (with costs showing)
- Place the 5 Technology cards in the center of the play area, face up (with symbols showing).
- Randomly determine a start player.

Game Play

Beginning with the start player, take turns adding cards to your hand and playing actions to colonize and attack planets and research technologies to increase your Influence. On your turn, you do the following:

1) Draw a card from the supply. Then, if cards remain in the deck, re-fill the supply from the deck. If you don't like what's in the supply, you may draw the top card from the deck instead.

2a) Play a card from your hand and resolve the action printed on it, then place it into your discard pile. Some actions allow you to reveal additional icons (from your hand, planets, or technology) in order to get a better effect. Once revealed, cards in play remain face-up, cards in hand return to your hand. You may "reveal" face up cards.

OR
2b) Return all cards from your discard pile to your hand.

Game End

When the deck is exhausted, continue play without refilling the supply when cards are drawn. After the last card is drawn from the supply, the active player finishes their turn and the game ends. Players collect all cards from their hands and discard piles and determine their Influence (score):

- Each card has a scoring condition at the top, indicating its Influence value:
- 1 Influence per colonized planet
 - 1 Influence per planet in Spoils
 - 1 Influence per capital icon (🏛️) on cards, tech, and planets controlled
 - 1 Influence per tech owned
 - 1 Influence for each card and each planet of a particular type (color)

The player with the most Influence (🌟) wins!

Example:

3 🌟 per Planet	3 Planets	9 🌟
2 🌟 per Spoils	0 Spoils	0 🌟
1 🌟 per Capital icon	5 Capital icons	5 🌟
1 🌟 per Exotic Planet	2 Exotic Planet cards	2 🌟
1 🌟 per Fertile Planet	4 Fertile Planet cards	4 🌟
1 🌟 per Advanced Planet	4 Advanced Planet cards	4 🌟
3 🌟 on the Planet cards		3 🌟
TOTAL = 27 🌟
